

Nebraska Public Library Commission

Lincoln, 8 Oct. 1904.

To County and City Superintendents:-

This Commission has a supply of copies of our "List of books for school libraries" which are at your disposal. You have only to let us know how many you need to supply all of your teachers who have no copies and would make use of them, and they will be sent you at once.

This school year ought to add one volume for every pupil enrolled, to the school libraries of Nebraska- and these volumes should be such as to advance the spread of that "knowledge which illuminates, the companionship that cheers, and the continuing growth by which alone a man may reach his full stature".

Sincerely,

Edna D. Bullock, Sec'y.
