LINCOLN

12 Ja. 1905.

To librarians of our traveling libraries:-

We send you herewith, the bi-ennial report of this Commission. This is a brief record of what we believe is a good work--one that is greatly needed in the state, and which, if properly supported, will continue to build up the educational strength of the state. If, after reading the report, the work done commends itself to you as practical and desirable, it will greatly assist this Commission if you and your neighbors will express your appreciation--not to us--but to your Senators and Representatives in the Legislature, together with the suggestion that the reasonable request of this Commission for funds be granted. Members of the Legislature need only to be informed as to the workings of this Commission to regard it with favor, but we depend largely upon those who have actual knowledge of what we have done to make the members acquainted with library progress in the state.

Sincerely,

Edna D. Bullock, Sec'y.
