LINCOLN

To friends of education and libraries

in Nebraska:-

We send you herewith the bi-ennial report of this Commission in the expectation that you will find it of interest, and that you will wish to express your appreciation of the work done and that contemplated for the future, to your Senators and Representatives in the Legislature. Any publicity that you may be able to give the leading facts in this report will be a help to us in making our efforts more thoroughly understood, not only by the Legislature to which we must look for financial support, but by the people who might be benefitted if they but knew what provision the state makes for those who lack library privileges.

Respectfully,

Edna D. Bullock, Sec'y.
