Lincoln, 20 My. 1905.

To librarians of our traveling libraries:-

I am about to send our collection of library pictures to Portland for the meeting of the American library association. I should like to have a larger collection of interior and exterior views illustrating the places where the traveling libraries are kept. If any of you can send me such pictures within the next 10 days, I shall be very glad to get them. Some of the pictures sent me last spring were not very distinct and have faded. If you can get better ones, I shall be greatly obliged for them. The exhibit starts west in about 10 days.

Very truly,

Edna L. Bullock, Sec'y.
