To County superintendents:-

We have still on hand a supply of our "List of books for school libraries". Please let us know how many copies you wish for distribution at the time your institute is in session. The library is becoming a necessary feature of school equipment. Many dollars have been spent for library books by Nebraska school districts during the past year. We desire not only to encourage the further purchase of books, but to help the schools to a wise selection and reasonable prices. We should like to have a copy of this list in the hands of every teacher in this state.

Very truly,
Edna D. Bullock, Sec'y.
