

“Headbands” – What Am I?

Not If I Save You First

One Book For Nebraska Teens 2023

A yes/no guessing game. Each card has a character, object, or setting from the book. Print the cards on cardstock or sturdy paper, and cut individual cards. Each player draws a card from the pile without looking at it, and puts it in their headband so the other players can see the word. They asks the other players yes/no questions to try to determine what is on their card. (E.g. “Am I an animal?” “Am I a villain?”) A time limit or question limit can be set as needed.

For the headbands – players can use elastic headbands, or cut strips of paper to the measurement of their head and secure with tape or glue. Cards can be positioned on the forehead under the elastic, or in slits cut in the paper bands.
