Nebraska Public Library Commission

Dear Jane Pope:

I'm happy to know that the Lower Sand-hills Regional Library, and all the fine energy and guidance the Library Commission has given the local people has had such recognition.

It would be fine to be at Thedford April the 25th but I know it's impossible. Even if I had the time I don't see any prospects of my health improving so I could undertake the trip.

Give them all my best congratulations, and finest wishes, and to all of you at the Commission I send my deep affection.

Mari Sandoz
