

DNSFilter Participation Form for the Nebraska Library Commission

Whereas, the Nebraska Library Commission (“Library”) has entered into an Application Services Agreement (“Agreement”) with DNSFilter Inc. (“DNSFilter”) to provide DNS Filtering Services for Participating Libraries;

Whereas, Participating Library (as identified below) seeks to participate and have access to such services;

1. In consideration of participation in the Nebraska Library Commission DNS Filtering Service (“Service”), Participating Library agrees to abide by the terms and conditions of the Agreement.
2. Participating Library acknowledges that DNS Filtering technology is not infallible and some domains may be erroneously blocked or not blocked.
3. Participating Library shall designate by name and /or title what representatives can request that changes be made to Their DNS Filtering configuration.
4. Participating Library acknowledges that requests for changes to Their DNS Filtering configuration will be performed in a timely manner when requested within the standard operating hours of the Nebraska Library Commission office utilizing the designated method.
5. Participating Library acknowledges that the Nebraska Library Commission can make DNS Filtering configuration changes at its discretion to protect the Participating Libraries and maintain E-Rate CIPA compliance.
6. Participating Library acknowledges that the Nebraska Library Commission will have full access to the data generated by Their use of the DNS Filtering Service.
7. Participating Library is responsible for validating the DNS filtering is working correctly and aligns with Their polices.
8. All other terms and conditions of the Agreement not specifically referenced or modified herein shall apply to Participating Library and shall remain in full force and effect.
